

About Wanda Mae Pirkle... 1922-2008

In 1966, Wanda Mae Pirkle helped get the landscaping for our own kiddie beach. By 1976, she and the women from the CIB Chamber of Commerce formed a 501c3 charity now called the Channel Islands Gulls. Twelve inaugural members have grown to more than 150, supporting local nonprofits with funds contributed directly and only from members.

In 1982, when the CIBCSO was formed, Wanda was one of the first elected, prioritizing community projects such as improving street and drainage systems, putting utility poles underground; She even started the Sand Dabbers Beach Beautification Organization, operating a recycling program out of her car with the help of volunteers.

Always the activist, Wanda led the opposition to Oxnard's attempt to annex the beach areas, ultimately recognized in 1992 when Supervisor John Flynn officiated in naming Wanda M. Pirkle Community Park at Lakeshore Drive and Victoria Avenue.

Apart from being a mover and a shaker, Wanda was a Silver Strand neighbor always up for a visit or a rousing game of Tile Rummy.
